CONDITIONS OF APPROVAL

Building official may approve the proposed alternate, if sufficient evidence is provided that:

- Proposed design complies with the intent of provisions of the current codes
- The material or method proposed is equivalent to code requirements in:
 1. Suitability
 2. Strength
 3. Effectiveness
 4. Fire resistance
 5. Durability
 6. Safety
 7. Sanitation

Upon approval, all the features of the approved application (including a copy of the application) shall be incorporated to the drawings.

DISCLAIMER:

Applicants for Alternate Materials, Alternate Design and Methods of Construction shall note that the approval of the proposal is based on the factual documentation provided in support of the alternate at the time of approval. If at any point during the review or inspection process, the building official notices deviations from the original application, the approval becomes null and void. At that time, the applicant has to either revert to the original proposal or file a new application based on the revised plans.

The Approval of this application is project specific and may not be used or transferred to other projects. Conditions are reviewed on a project by project basis and are subject to change due to project specific conditions.

For Alternate Proposals processed prior to submittal of full set of plans. In these instances, the approval is only in concept. The approval needs to be validated after submittal of all construction documents.
